

Masking Tape

Masking tape is used constantly by cast polymer manufacturers to protect mold areas such as back splash door hinges, mold edges, and polydomes during gelcoating and casting. Masking Tape is available by the case in widths of 3/4", 1 1/2", and 2".

#519 General-Purpose Masking Tape**

High quality, crepe paper coated with a superior pressure-sensitive adhesive. Excellent tensile strength and moderate heat and UV-resistant. Adheres to most surfaces. Clean removal.

RG15 General Purpose Strapping Tape

A 5.6 mil, clear, fiberglass reinforced, polyester backed, pressure-sensitive strapping tape with good adhesion, medium tensile strength and medium impact strength. Excellent resistance to scuffs, abrasion and moisture. Adheres to almost any surface. Ideal for everyday bundling and palletizing.

3/4" (18mm)

Case of 48 Rolls - #X010195R

#591 Double Faced or Double Sided Paper Tape

This flatback paper is coated on both sides with a high shear adhesive that features an extremely aggressive tack that bonds to almost any surface. Easy release crepe paper liner allows for automatic or hand dispensing applications. Excellent tensile strength, conforms to almost any surface without tearing. Ideal for many industrial uses such as mounting, adhering, holding in place, joining two surfaces, and other bonding applications.

Intertape® #597 Double Sided Vinyl Film Tape

General purpose vinyl film tape for a variety of uses. Ideal for splicing paper or foil, sign positioning, mirror manufacturing, engravers, insulation holding on metal buildings and carpet mounting.

- 15 lb. per inch tensile strength
- 5.9 mil thickness
- Durable PVC film with a permanent natural rubber adhesive
- 3" core size
