

THE R.J.
MARSHALL
COMPANY

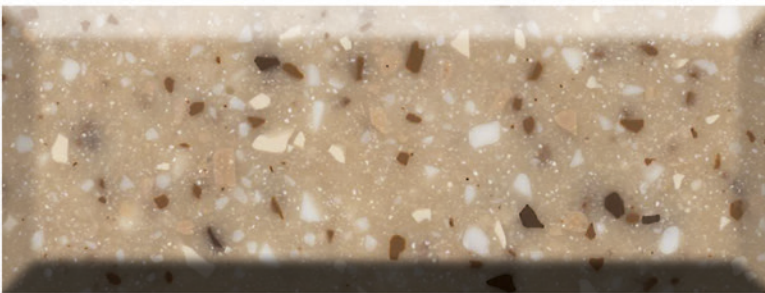

New Luxury Granite Colors

R.J. Marshall's new LXS colors for solid surface or cast cultured granite bring a clean, bold and translucent look to compliment any style. *Sure to be new favorites!*

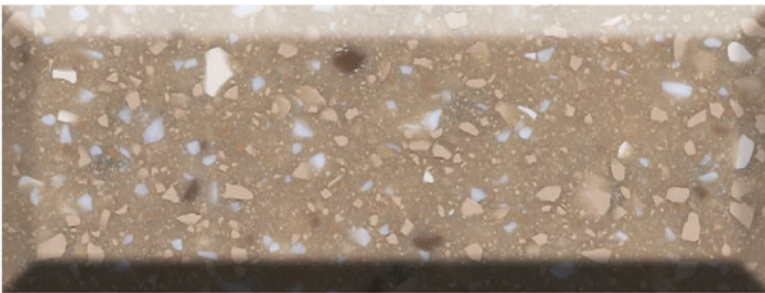

Tapioca LXS 219

Clean, crisp, textured muted white with soft touches of translucent browns.

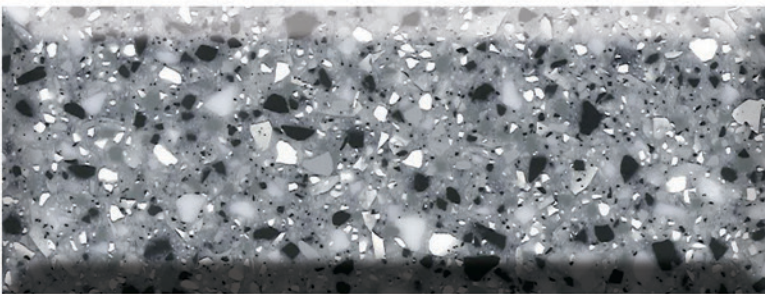

Honey Oat LXS 398

Warm, translucent pale gold with amber, brown and white highlights.

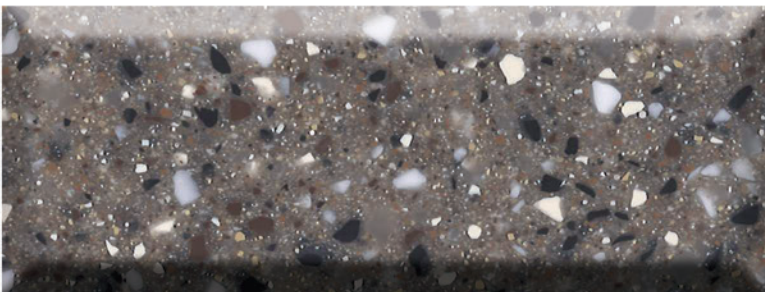

Peanut Brittle LXS 388

Crisp, clean, golden caramel tone with translucent browns and misty whites.

Gravel LXS 240

Bold and gritty, with a beautiful grey hue. Features black and white highlights and a subtle chrome reflective.

French Roast LXS 374

Bold, translucent, rich medium brown with black, amber and misty white accents.

Colors in this brochure are representative. Please contact us for samples today, as final product determination must be based on casting in your resin and process.
