

PolyCollars

Three types:

- Round
- Oval
- No Overflow

Polycollars are available either Trimmed, or Untrimmed.

Trimmed polycollars have the top cut off, and untrimmed polycollars have the top intact.

Round Overflow Polycollars

The slim round polycollar used in combination with Gruber's 1/2" tubing and round reusable stem provides an economical overflow system.

Trimmed	# of Steps	Qty Per Box	Order No.
	1-Step	100/box	#001014G
	1-Step	500/box	#001014-5G
	2-Step	100/box	#00103G
	2-Step	500/box	#00103-5G
	3-Step	100/box	#00101G
	3-Step	500/box	#00101-5G

Untrimmed		# of Steps	Qty Per Box	Order No.
	1-Step	100/box	#001013G	
	1-Step	500/box	#001013-5G	
	2-Step	100/box	#001011G	
	2-Step	500/box	#001011-5G	
	3-Step	100/box	#00102G	
	3-Step	500/box	#00102-5G	

No Overflow Polycollars

	<p>Order Information - Trimmed, No Overflow 100 per box - #00108G 500 per box - #00108-5G</p>
	<p>Order Information - Untrimmed, No Overflow 100 per box - #00106G 500 per box - #00106-5G</p>

Oval Overflow Polycollars:

Use with our [polydome](#) or [drain boss](#), [oval overflow pipe](#), and [oval reusable stem](#). The new slim style improves resistance to thermal shock, makes gelcoating application easier, and speeds production.

	<p>Order Information - Trimmed Oval Overflow 100 per box - #00104G 500 per box - #00104-5G</p>
	<p>Order Information - Untrimmed Oval Overflow 100 per box - #00105G 500 per box - #00105-5G</p>
