Safety Data Sheet

Marfill 8, Marfill 10, and Marfill 40

Date of Preparation: 5/9/96

SDS No. 9617.6

Revision: 6/23/15

Section 1 - Chemical Product and Company Identification Product/Chemical Name: Marfill 8, 10, and 40 Synonyms: Ground Limestone, Marble Dust General Use: Filler or extender Manufacturer: The R. J. Marshall Company Emergency Phone: (800) 424-9300 26776 W. 12 Mile Road **Date Revised:** 6/23/15 Southfield, MI 48034-7807 **Preparer:** Stephanie Nichols Phone: (248) 353-4100, Fax: (248) 948-6460 Section 2 - Hazards Identification Classification of the chemical in accordance with paragraph (d) of 1910.1200: This material is hazardous. HMIS Signal Word: Danger Η 0 F 0 R 0 PPE^{† E} Symbol: [†]Sec. 8 Hazard Statements: May cause cancer by inhalation. **Precautionary Statements:** Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. If exposed or concerned: get medical advice/attention. Dispose of contents/container to an approved waste disposal plant. Hazards not otherwise classified: None Section 3 - Composition / Information on Ingredients CAS Number % Weight **Ingredient Name** Calcium Carbonate 1317-65-3 94-98% Magnesium Carbonate 546-93-2 1.2-5.8% Crystalline Silica 14808-60-7 0.2-0.8% **Section 4 - First Aid Measures** Description of necessary measures, subdivided according to the different routes of exposure: Inhalation: If overcome by high dust concentrations, remove to a ventilated area. Eye Contact: Flush eyes thoroughly taking care to rinse under eyelids. Do not scrub. Abrasion may cause irritation. If discomfort continues, continue to wash with water. If irritation persists, consult a physician. **Skin Contact:** Wash skin thoroughly with soap and water. Consult a physician if irritation persists. **Ingestion:** Ingestion of very large quantities may result in intestinal obstruction and/or constipation. Considered to be of very low toxicity. Most important symptoms/effects, acute and delayed: None Indication of immediate medical attention and special treatment needed: None **Section 5 - Fire-Fighting Measures** Suitable Extinguishing Media: Use extinguishing measures that are appropriate for the surrounding environment. Unsuitable Extinguishing Media: None Unusual Fire or Explosion Hazards: None known. Hazardous Combustion Products: None. Fire-Fighting Instructions: Do not release runoff from fire control methods to sewers or waterways. Fire-Fighting Equipment: Because fire may produce toxic thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full face-piece operated in pressure-demand or positive-pressure mode.

Section 6 - Accidental Release Measures

Personal precautions, protective equipment, and emergency procedures: Avoid dust formation. **Methods and materials for containment and cleaning up:** Collect solids. Recycle if possible.

Section 7 - Handling and Storage

Precautions for Safe Handling: Avoid generating dust during handling. Provide appropriate exhaust ventilation where dust is formed.

Storage Requirements: Keep material dry. Do not store near acids.

Section 8 - Exposure Controls / Personal Protection

Engineering Controls:

Ventilation: Provide general or local exhaust ventilation systems to maintain airborne concentrations below OSHA PELs (Sec. 2). Local exhaust ventilation is preferred because it prevents contaminant dispersion into the work area by controlling it at its source.

Administrative Controls:

Respiratory Protection: If required wear a MSHA/NIOSH-approved respirator.

Protective Clothing/Equipment:

Hands: Wear protective gloves to prevent prolonged or repeated skin contact.

Eyes: Wear safety glasses. Contact lenses are not eye protective devices. Appropriate eye protection must be worn instead of, or in conjunction with contact lenses.

Contaminated Equipment: Separate contaminated work clothes from street clothes. Launder before reuse. Remove this material from your shoes and clean personal protective equipment.

Comments: Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics.

	OSHA PEL		ACGIH TLV	
Ingredient	TWA	STEL	TWA	STEL
Calcium Carbonate	15 mg/m^3 total dust 5 mg/m ³ respirable	none estab.	none estab.	none estab.
Crystalline Silica	$\frac{30 \text{ mg/m}^2}{30 \text{ mg/m}^3/(\% \text{SiO2} + 2) \text{ total dust}}$ $\frac{10 \text{ mg/m}^3/(\% \text{SiO2} + 2) \text{ respirable dust}}{10 \text{ mg/m}^3/(\% \text{SiO2} + 2) \text{ respirable dust}}$	none estab.	none estab.	none estab.

Section 9 - Physical and Chemical Properties

Appearance: white powder Odor: odorless Odor Threshold: not applicable pH: 8.5-9.5 at 10% solids Freezing/Melting Point: not applicable Boiling Point: not applicable Flash Point: None known. Flash Point Method: not applicable Evaporation Rate: not applicable Flammability: Non-flammable. Upper/lower flammability or explosive limits: not applicable Vapor Pressure: not applicable Vapor Density (Air=1): not applicable Relative Density: 2.71 Water Solubility: negligible Other Solubilities: not available Partition coefficient: n-ocatanol/water; not applicable Auto-ignition Temperature: not applicable Decomposition temperature: 1799°F (981°C) Viscosity: not applicable

Section 10 - Stability and Reactivity

Reactivity: This product is stable at room temperature in closed containers under normal storage and handling conditions. **Chemical Stability:** No stability concerns. **Possibility of Hazardous Reactions:** Calcium Carbonate will react with acids to form carbon dioxide.

Conditions to Avoid: Keep away from acids.

Incompatible Materials: Acids

Hazardous Decomposition Products: CO₂

Information on the likely routes of exposure: Inhalation, Eye, Skin.

Symptoms related to the physical, chemical, and toxicological characteristics:

Eye: May cause irritation through mechanical abrasion.

Skin: May cause irritation through mechanical abrasion.

Inhalation: May result in mild irritation of the respiratory tract.

Ingestion: Unlikely.

Delayed and immediate effects and also chronic effects from short- and long-term exposure: Long term exposure to crystalline silica can cause lung injury (silicosis).

Numerical measures of toxicity: LD50 Oral (rat): >5000 mg/kg.

Carcinogenicity: IARC and NTP have determined that crystalline silica inhaled from occupational sources can cause cancer in numans. Risk of injury is dependent on the duration and level of exposure.

Section 12 – Ecological Information

Ecotoxicity: Not hazardous **Persistence and degradability:** not applicable **Bioaccumulative potential:** not applicable **Mobility in soil:** not applicable

Section 13 – Disposal Considerations

Disposal: Recycle if possible or landfill. This substance is inert and does not require special disposal methods. Follow applicable Federal, state, and local regulations.

Section 14 – Transport Information

DOT Transportation Data (49 CFR 172.101): This product is not classified as dangerous under the transport regulations for road, rail, sea, or air transport.

UN Number: None UN proper shipping name: None Transport hazard class(es): None Packing group: None Environmental hazards: None Transport in bulk according to Annex II of MARPOL 7/78 and the IBC Code: not applicable Special precautions: None

Section 15 – Regulatory Information

EPA Regulations:

RCRA Hazardous Waste Number: Not listed (40 CFR 261.33) RCRA Hazardous Waste Classification (40 CFR 261.??): Not classified CERCLA Hazardous Substance (40 CFR 302.4) Not listed SARA Toxic Chemical (40 CFR 372.65): Not listed SARA EHS (Extremely Hazardous Substance) (40 CFR 355): Not listed

OSHA Regulations:

Air Contaminant (29 CFR 1910.1000, Table Z-1, Z-1-A): Not listed

TSCA

This substance or all of its components are on the Chemical Substances Inventory of the Toxic Substance Control Act (TSCA Inventory [USA]). Please note that this product is not subject to any legal reporting requirements under these acts. **FDA**-Food Additives Generally Recognized as Safe (GRAS): 21CFR184.1409

FDA: 21CFR175.105, 21CFR175.300, 21CFR176.170, 21CFR176.180, 21CFR177.1210, 21CFR178.3297, 40CFR180.1011(c)

California Proposition 65: This product contains a chemical known to the State of California to cause cancer.
